attitude looking

20th century the style trends of the fashion industry dominate the world more than they ever did and control not only the way people dress but also trends in home wear design, music, fashion and people's overall attitudes. In the 40s flower power and not only men's but also women's clothes of the 1960s reflected a rebellious attitude and a yearning for more individuality. A woman's clothing is a reflection of her personality and her attitude. It is a statement of who she is, what she thinks, and what she wants to be. It is a reflection of her personality and her attitude. It is a statement of who she is, what she thinks, and what she wants to be. It is a reflection of her personality and her attitude.
